- Civil law system specifics
- Legal transplants in globalized world
- Hybrid national legal systems – taking the best of both worlds?
- Convergence of different legal systems and the role of the international law, supranational law and International Organizations

### **Conference proceedings**

Accepted papers will be published at the Collection of Papers by the end of the year. This Collection of paper will be indexed and deposited in the most relevant libraries in the region and distributed to the Universities, Institutes and other relevant scientific institutions.

### **Venue:**

Čanj is a picturesque seaside spot located in the Montenegro seaside. The main feature is its beautiful sandy beach over thousand meters long that is one of the biggest beaches in this central Adriatic coast.

Apart from the major beach, close by you can find smaller beaches from which the Queens beach is the most attractive one. The fact that the only way to approach it is by 10 minutes ride by hoys, for very accessible prices, makes it even more romantic.

Beautiful green parks, playgrounds, sport stadiums are decorating this touristic destination. Except this, on disposition for guests are: bars, eating houses, restaurants, pizzeria, markets, saloon, post office, ambulance, and pharmacy. About 40 km away there is Podgorica airport and Tivat airport is just over 50 km away. Considering a very suitable geographic position and a big number of sunny days during the year, the season can last even five to six months!

#### **Accommodation:**

Participants will be accommodated at the hotel “Vila Fontana”, situated just 200 meters from the main beach and surrounded by green vegetation, the hotel dominates the area.

In a way, it is confirmed by the Tourist Organization of Bar, which awarded our hotel with the first prize for the most beautiful garden.

Thanks to our contract with this distinguished hotel, participants will be able to devote to the conference, since they will have the entire hotel wing at their disposal during the conference.

Hotel Vila Fontana is located 5 km from Sutomore and 45 km from Podgorica airport and 52 km from Tivat airport. As already mentioned, in the all-inclusive package transport from and to the airport is provided, so you do not have to worry about that aspect of your travel.

After working sessions, for the participants will be organized optional and affordable visits to the cultural attractions such as Ostrog Monastery, Lake Skadar and many other optional tours.
